CONGRATULATIONS TO THE SCHOLARSHIP RECIPIENTS!

Over the years, many meritorious High School Graduates have received small, but highly distinctive, and incentive providing scholarships for students that are pursuing higher education through enrollment in a college or university.

The National Federation of Italian-American Societies, Inc. has placed this program to the forefront of several programs that our Organization offers to the entire community, thanks to the assistance and dedication of volunteers who donate their time and expertise to the many FREE programs offered by the Federation at our community office.

Please consider making a donation to the NFIAS Scholarship Fund. Your generous support will enable us to award additional scholarships to our young adults.

We appreciate your support and thank you very much for your assistance.
